Loan Repayment	Your loan repayment is on Equated Monthly Installment (EMI) basis and may vary based on EIBOR rate. EMI is calculated by adding the principal loan amount and total interest and dividing this total by the loan period in months. This is done using a reducing balance method which means that as your loan balance reduces, with every Equated Monthly Instalment (EMI) payment, the interest portion of your EMI will reduce.

<sup>1</sup>When variable interest rate is linked to EIBOR (The Emirates Interbank Offered Rate) i.e., EIBOR + Fixed Margin, the EMI will change depending on the actual EIBOR rate on the review date. You can choose variable price linked to 1 or 6 months EIBOR. Variable pricing linked to 1-month EIBOR will be reviewed monthly and variable pricing linked to 6-months EIBOR will be reviewed every 6 months.
